Subject: Call For Presentation – MoPH Results Conference, 23-25 March, 2010

The Ministry of Public Health is pleased to host the 3rd annual results conference on 23-25 March 2010 in the Ministry of Public Health. We are inviting interested organizations and individuals to make presentations based on evidences in the field of public health within Afghanistan.

The objective of this event is to provide the Ministry and its partners with information and a forum for critical discussion on priority issues in the health sector to help chart future policy and strategy and identify gaps within the system. The forthcoming conference will review progress in the past year and issues of common concerns and policy implications on the public health practices in the country. In the meantime, this will offer a platform for sharing experience and expertise on the recent developments in public health in the country.

Given this opportunity, The Ministry of Public Health welcomes presentations on issues critical to the public health practices in the country to be shared and discussed in the conference. The presentations will be reviewed and shortlisted by a technical committee using a set of sound criteria encompassing in particular; Health & Nutrition sector strategy as the center of focus, evidence based findings and not just a simple description of outputs and achievements, results of surveys (quantitative & qualitative) and routine data should be intensively included, relevance to policy & stewardship role of the MoPH, and information that is of practical use to the decision makers to improve implementation of BPHS & EPHS.

The deadline for submission of presentations is 4th of March, 2010. The submissions can be sent to, and further information can be sought at: resultsconference.moph@gmail.com

Sincerely yours,

The organizing committee
